Beattie was leading in the fifty-mile free-for all event when one of his tires exploded on the nineteenth lap. The car swerved off the track into a tree. The gasoline tank exploded in a burst of flames. Pregge, who had been standing at the foot of the tree, was nearly decapitated.

TOMBSTONE POEMS

English Town Finds That Graveyard Limericks Are Becoming Too Frivolous

London, Aug. 30.—Leighton Buzzard is too proud of its municipal cemetery to allow it to become the butt of the factions. It has instructed the town clerk to act as an official censor of epitaphs and given him full power to veto any unsatisfactory wording suggested for the memorials of the dead.

In making their decision the local council expressed the view that there had been too much levity and ignorance in the past in the matter of epitaphs and spelling and that some of the local epitaphs ought never to have been passed by either the church authorities or the maker of the memorials. In the surrounding churchyard were inscriptions that ranged from the solemnly sanctimonious to the burlesque.

In the neighboring churchyard at Burlington the following can be traced on a tombstone:

"Here lies the body of Mary Ann Lowder,
She burst while drinking a seidlitz powder.
Called from this world to her heavenly rest,
She should have waited till it effervesced.

Among the queer grammatical errors in the burial grounds of Leighton Buzzard is the following in All Saints' churchyard: "Sacred to the memory of John Brown and his wife and five children, all of whom passed away in infancy."

The position of official censor of epitaphs is unlikely to prove a sinecure in the view of the Council, for they have appointed teh chairman of the burial board as his assistant.

In signifying his assent to undertake the duties of the office the chairman recalled an epitaph in Linsdale churchyard which he had learned as a boy, reading:

"Our life is, but a vintner's day,
Some only breakfast and away,
Others to dinner stay and are full fed
The oldest man but sups and goes to bed,
Large is his debt who lingers out the day,
Who goes the soonest has the least to pay."

The town clerk is expected soon to appear for expert advice in deciding upon what is fitting in graveyard limericks.

WOMEN TO PAY $1.50 POLL TAX TO VOTE

Will Then Register In The Ward In Which They Reside

EACH TO PAY OWN TAX

Payment of Poll Taxes Must be Made by October 2—No Action Necessary by State Officers.

Women of this city who desire to vote must pay $1.50 taxes between now and October 2 and register. The taxes are assessed by the commissioners of revenue and paid to the city treasurer. The women must comply with every law regarding suffrage that governs the men. They are not allowed to vote by reason of the amendment in itself.

Attorney General Saunders does not believe that any action whatsoever is necessary of the state oficers or legislature to put into full force and effect the extension of the franchise to women as contained in and provided for by the amendment.

Col. Saunders announces that the officers who fail to recognize the women are liable to prosecution as the state or federal laws prescribe. Each woman must personally pay her own taxes. That is the law. If the women fail to pay their capitation taxes after this year, and all women whether they vote or not must pay their tax, the husband will have to pay the tax and meet the costs.

It is expected that within the next few days a large number of women will pay their taxes and register. The registration is done by the register of the ward in which they reside.

FRANCE TO MAKE HANDSOME HOME A GIFT TO FOCH

Paris, Aug. 30.—Owing to the decision of the league of nations council at St. Sebastian making Marshal Foch war lord of the world, the French government has decided to allot the marshal an official home worthy of his position.

The magnificent building of gray stone at 138 Rue de Grenelle, formerly part of the French war office, is being made ready for France's greatest soldier and he will take up his residence, rent free, some time in September. The reception has saved the marshal from an uncomfortable predicament caused by his lease on his present flat running out and his difficulty in finding one elsewhere.

"If another war should come the noise in the marshal's flat would be such that all the other tenants would give notice," landlords said.

TROOPS GUARD COAL MINES

500 U. S. Infantrymen Prepared to Quell All Disorders in the Fields

Williamson, W. Va., Aug. 30.—Between 400 and 500 United States infantrymen arrived here yesterday morning from Camp Sherman, at Chillicothe, Ohio, under the command of Colonel Samuel Burkhardt, jr., prepared to quell all disorder in the mining fields about Williamson and in Pike County, Ky., adjoining where striking mine workers and the forces of the coal operators have been at odds since July 23, when the Freeburn camp, in the latter county, was "shot up."

Colonel Burkhardt was met by T. M. Davis, adjutant-general of West Virginia, representing Governor John J. Cornwell, who yesterday asked the government for troops because of disorders in connection with the coal strike in the Mingo field during the summer. They visited a number of points in the district and mapped out distribution of the troops. Of the sixty-five mines in the district, twenty or more have remained open during the strike, according to operators.

The situation throughout Mingo County is quiet and the residents have been relieved by arrival of the soldiers.

SECOND BAPTIST WINS CONTEST

Y. M. C. A. Summer Attendance Contest Closed Yesterday

PICNIC NEXT MONDAY

Losing Schools to be Host to Winner —Miss Vera Simpson to be "First Lady" at Picnic.

Miss Vera Simpson, 1515 King street, pianist of the victorious Second Baptist Church Sunday school will be the "first lady" of the Sunday school picnic to be given by the Y. M. C. A. at the George Mason High School Labor Day.

This in a word tells the story of the most remarkable contest ever held in Alexandria. The contest was staged by the Y. M. C. A. in all of the Sunday schools of the city in order to stimulate summer attendance and continued for three months or thirteen Sundays, beginning the first of June and concluding yesterday.

Every Sunday school in the city entered enthusiastically into the contest from the very start and every one of them stayed in until the end At the beginning St. Paul's Sunday school lead the entire field and this lead they maintained until about four weeks ago when the school of the Second Baptist Church forged ahead and they never surrendered the first position, once they secured it.

All of the other schools maintained intermediate positions during the time of the contest and shifted back and forth with just as much enthusiasm as though they were contenders for the first honors.

The understanding at the beginning of the contest was that a mammoth picnic should close the affair and that the eight losing schools should banquet the winning school at luncheon at the picnic. The picnic is to be held at the George Mason High School Labor Day and the Second Baptist school will be "fed" in royal style with the first lady at the head of the table and the Victorious Superintendent, Geo. K. Bender, at the opposite end.

The virtors have had an interesting and successful career from their organization in 1905 to the present time. The beginning was as a mission school until March of 1908 when the Second Baptist Church was constituted and the Sunday school as a part of it.

Geo. K. Bender was elected Superintendent in 1906 and has held that office continuously since that time, and doubtless much of the success of the church and school are due to his energy and devotion. The school out grew the temporary quarters of those early days and the present church edifice was erected in 1914.

The pastor of the church is Rev. O. P. Lloyd, an evangelist of consider able note in his church, and a tireless worker and devoted pastor. He has the entire confidence of his parishioners and it is said that the victory of the school is due to no one person but every member from pastor and Sunday school superintendent to the humblest of the scholars were continually in the fight.

The roster of officers of the school is as follows: Superintendent Geo. K. Bender, assistant superintendent, Jas. A. Hulfish, secretary, E. L. Cornnell; assistant secretary. Freddie Gaede; treasurer, Mrs. Jas. A. Hulfish; pianist, Miss Vera Simpson. assistant pianist, Miss Virginia Ward, chorister, R. W. Sims.

The able corps of teachers consists of Mr. C. M. Houston, Mrs. O. P. Lloyd, Mrs. James A. Hulfish. Mr. James A. Hulfish, Mrs. J. E. Mills, Miss Sussie B. Wray. Mrs. Annie M. Petty, Mrs. J. E. Mason. Miss Vera Simpson, Miss Virginia Ward, Mr. Paul H. Wade, Mrs. Lillian Tompkins, Mrs. Helen Parker and Mr. Chas. Gaede.

It may be inferred from the fact that this school finished the contest with an average attendance of 201 per cent that this list of officers and teachers constituted one of the most efficient groupes of church workers to be found in this or any other city.

Miss Vera Simpson, the pianist of the Sunday School, who has been

GOV. COX INDORSED AS LABOR'S FRIEND

Nonpartisan Committee Compares His Record With Harding's

NO BLACK MARK

Said to Have Fuller Understanding of Workers' Needs—Report Made by A. F. of L., Committee

Washington, Aug. 30.—Organized labor, as represented by the American Federation of Labor, has made its choice between the two candidates for the Presidency.

After a careful survey of the records of Governor Cox and Senator Harding it has pronounced the Democratic nominee the surer friend of the workingman and it is presumed that the weight of labor's influence will be thrown, as heavily as possible, into his campaign.

This became known today when the A. F. of L. Non-Partisan Campaign Committee made public its report dealing with the presidential candidates together with the complete record of each upon legislation designed to help labor. The report, signed by Samuel Gompers, president; Matthew Woll, vice-president; and Frank Morrison, secretary of the American Federation of Labor, is the first ever made on presidential candidates by a federation committee.

The record is an extended document going back, in the case of Senator Harding, to his service as a member of the Ohio Senate in 1902 and 1903 and extending through the last session of the United States Senate. The record of Governor Cox, as reviewed begins with his service in the House of Representatives in 1912 and concludes with his active as Governor of Ohio.

Taking up the Senatorial record of Senator Harding, the committee declared that on 18 measures dealing with labor his score stood. Favorably 7; unfavorably 10; paired unfavorably 1.

The Republican nominee's vote on labor issues during his term in the State Senate of Ohio, as reported by the committee stood: Favorable 6; unfavorable 0.

Reviewing Governor Cox's record the report said that while Governor

PASTOR M[illegible]D

Rev. Kopfman Rained With Tomatoes and Stones at Jersey Village.

Trenton, N. J., Aug. 30.—Showers of overripe tomatoes, stones and sticks, thrown by a crowd of 100 bathers at Washingtons Crossing, greeted the Rev. Frederick Kopfman, "savior of the summer colony," as he passed through the village today on his way to the railroad station.

He paused long enough to give a short talk on morals. Hoots and jeers greeted him. One of his tormentors cried, "Let's duck him." The suggestion was popular, and when the minister reached here he was scared.

However, he said that he would not be daunted, but would be back for more next Sunday.

"Women must be saved," Dr. Kopfman shouted in the church, as he began his sermon waving both hands excitedly. "The country is in a bad enough condition without having women go wrong. There is a whole lot that I could call the girls for but I will leave that for 'Billy' Sunday to do. Washingtons Crossing is too sacred a place to be made to blush for the conduct of the summer colonists and something must be done. The Crossing is one of the worst places I have ever been in. It would need a step ladder to climb into hell."

When he launched his attack on the "seemore" clothes he said that some of the girls wore so little that he thought they were tatooed.

The suitcase contained valuable clothing belonging to Mrs. Syrener, four rings and other articles.

PLENTY OF SUGAR

Philadelphia, Aug. 30.—Philadelphia is a sweet place, according to Robert M. Simmers, special agent of the State Dairy and Food Commission who says more than 10,000,000 pounds of sugar now are in storage warehouses here and that more is constantly arriving at the port. Speculators in sugar who have been holding it at high prices now are anxious to get on the market as quickly as possible.

Argentine and Belgium have sent six shiploads of sugar which have arrived at Atlantic ports during the last few days, and this, Mr. Simmers says, put the last possibility of continued high prices out of business.

Another drop in prices is looked for soon.

Russian Newspapers Declare Fight Will Be Stiffened

WANT POLES TO AGREE

Soviet Government Agrees to Transfer Peace Negotiations to Riga—Germany Interned 70,000.

Copenhagen, Aug. 30.— Russian Bolshevik forces have recaptured Grodno, says a Koenigsberg dispatch to the Berlingske Tidende. The report adds that the Poles also have been forced to evacuate Bialystok.

Berlin, Aug. 30.—The Russian Bolsheviki will call up five million trained reservists to aid their retreating armies unless the Polish delegation at Minsk accept the Bolshevik peace terms, according to statements in soviet newspapers which have just reached here.

The newspaper asserts, moreover, the resistance of the Bolshevik armies is stiffening and that already a fierce counter offensive has been launched in several sectors of the battle front. One of the newspapers says:

"Soviet Russia is not alarmed because the Bolshevik advance on Warsaw was checked by the treachery of a certain Czarist general, who has since been arrested. Plans already have been perfected for a new onslaught against the Poles."

Warsaw, Aug. 30.—The Russian soviet forces are endeavoring to drive a wedge designed to sever the Polish front, according to an official statement on the fighting operations issued just before last midnight.

Violent fighting is reported north of Belzec, to the north of Lemberg, where the soviet cavalry of General Budeny is trying a new encircling movement against Lemberg.

An advanced soviet detachment has reached Tyszowiec.

In the region of Bobrkanin, 20 miles southeast of Lemberg, the Poles have repulsed repeated Russian attacks intended as a drive against Lemberg. The Poles are counter-attacking at Sarniki and have smashed several soviet squadrons.

Farther south, Gen. Pawlenko's Ukrainian army has forced the Dniester River in an outflanking movement against the soviet forces and is moving northward. There is weak con

LORD MAYOR MACSWINEY NEAR DEATH; COLLAPSES

London Aug. 30.—The condition of Terence MacSwiney, lord mayor of Cork, who is in Brixton jail on hunger strike, was officially stated to be unchanged yesterday. His sister, who visited him this morning, said he passed a restless night and was sinking and the doctors thought he might die at any moment.

Mayor MacSwiney was still conscious, however, and told her, "I am convinced I will not be released. It will be better for my country if I am not."

Mayor MacSwiney's condition was distinctly worse last night; his pulse was very low. The mayor's brother, after a visit, reported that the prisoner collapsed during the afternoon and difficulty was experienced in bringing him around.

Newly enfranchised women of the state will have a chance to vote on amendments to the state constitution this fall, and many of them are vitally interested in the result of the voting. For instance, there are many women who have property in their own right. It is proposed to amend the constitution so that the state may issue bonds for road improvement. There is no limit on the amount of bonds that can be issued, and once issued these bonds will be a tax on the property of the state until they have been paid and retired. This means an inevitable increase in taxes—an increase in addition to the special road tax, the money appropriated for roads direct from the state treasury and the tax from automobiles. In round figures the revenues from the sources named will approximate $5,000,000 a year, and to this the federal government is adding dollar for dollar. Added to this immense sum from the state, a convict force is employed in road building.

Six amendments in all are to be voted on, and in all of them there is much for thought, study and investigation on the part of all the voters—men and women. They affect the schools in three particulars, and the women are much concerned in that problem. Women are doing the bulk of the teaching—they are doing the basic training, for in the primary schools a vast majority of women teachers are directing the children. Throughout the state the press has been giving little attention to these important matters, all of them of vital importance and of deep concern to all persons interested in the attention of the basic law of the land. If the majority of the people shall vote favorable on these they will become the law—the constitution will be so changed as to read as indicated in the summary of the amendments printed below, as follows:

Section 32—Allowing residents and non residents of Virginia to fill and hold any place under the municipal government of the state. This has been done in the past, and this seeks to allow other cities to "import" managers and experts for any sort of position or department in a city government.

Section 117—Allows city or town to change its form of government under provisions of a geenral law instead of requiring a specific act of the legislature when a city or town desires to change from one form of government to another.

Section 133—Restricts the number of school trustees in any one magisterial district to three, and making women eligible for trustees.

Section 136—Empowers any county or district in the state to increase the school levy to such amount as may be necessary to provide funds for the payment of teachers. The limit under the constitution at this time is fifty cents on $100 of property.

Section 138—Empowers the general assembly to provide for compulsory education of children of school age.

Section 188—Seeking to empower the state to issue bonds for public road purposes. This is to be in addition to the present tax for roads.

CONFIRMATION OF THE CZAR'S FATE

There was never any real doubt of the fate of Czar Nicholas and his family; but the stories that he, or the Czarina, or the children were still alive would have grown into a persistent legend had there been no means of denying them. Now that two capable investigators, agreeing as to all important details, gleaned from the available witnesses, have reached the same conclusion, no possible hope remains for believing in the survival of any one of the victims of the Bolshevist massacre. Both Mr. Wilton in the London Times and Captain McCullagh in the Nineteenth Century and After find that the assassination was ordered by Yurovski, the jailer in charge of the royal family. The Czar first, then his wife and children and a few personal attendants, were shot down with revolvers. Earlier investigations pointed to the same conclusion, but the Czar's mother and others of the relatives upon both sides refused to accept it. They must be convinced by this latest evidence.

That Lenine ordered these brutal assassinations is not directly shown. But Yurovski was rewarded by him, it is said, with a lucrative government post; and nothing in the character of the present Russian Government suggests that it would have hesitated to order them.

TELLING IT STRAIGHT

Said Dan McGann to a foreign man
who worked at the self same bench;
"Let me tell you this and for emphasis, he flourished a Stilson wrench.
"Don't talk to me of this bourjoissee,, don't open your mouth to speak
Of your Socialists or your Anarchists, don't mention the Bolsheveek,
For I've had enough of this foreign stuff,
I'm as sick as a man can be
Of the speech of hate, and I'm telling you straight that this is the land for me!
"If you want to brag, just take that flag,
an' boast of its field of blue,
An' praise the dead an' the blood they shed
for the peace of the likes of you
I'll hear no more," and he waved once more
his wrench in a forceful way,
"O' the cunning creed o' some Russian breed, I stand for the U. S. A.
I'm done with your fads, and your wild eyed lads, don't flourish your rag o' red
Where I can see, or at night there'll be,
tall candles around your bed.
'So tip your hat to a flag like that!
Thank God for its stripes and stars!
Thank God you're here where the roads are clear away from your kings and czars,
I can't just say what I feel today,
for I'm not a talkin' man,
But first an' last I am standin' fast
for all that's American.
So don't you speak of the Bolsheveek, it's sick of that stuff I am,
One God, one flag is the creed I brag! I'm boostin" for Uncle Sam."

SPORTS

The Dreadnaughts, of Alexandria, defeated Clarendon for the second time out of the series of three played for the championship of Northern Virginia, yesterday afternoon, 3 to 1, before one of the largest crowds that has ever attended a game in Clarendon.

The game was a pitchers' battle between Singleton and Ludwig. The Dreadnaughts could not ferret the plants of Ludwig until the lucky seventh, when Whall, Hayden, Single son and Devers came through with hits, with a base on balls coming across, which was enough to win the old ball game.

A triple play in the sixth saved the Dreadnaughts from losing the contest, when, with three men on the bags, Davidson flied to right field, Summers snagging it and pegging Hornsberger out at the plate. Whall then caught Charles off third, retiring the side. This victory makes 32 out of 33 for the Dreadnaughts.

C. A. C. .... 1 0 0 0 0 0 0 0 0—1

The Cardinal Athletic Club baseball team defeated the Linworth Athletic Club nine—the conquerors of the celebrated Knickerbocker baseball team of Georgetown—on the North Alfred Street grounds, Sunday, by the following score: Cardinals, 10; Linworth, 0.

Jimmy Alexander was the Cardinals selection for pitching duties and his speedy meteor-like offerings had the Linworth lads guessing at all times, only four hits being made off his delivery. "Tedy" Schafer, the brainy and hard-working catcher, supported his batery partner in fine style and used excellent judgment in signaling for balls that the Linworth could not hit.

The features of the game were the playing of McCann, the lithe third baseman of the Cardinals, who handled every chance without an error and in catching a hard hit ball turned a somersault; the fielding and all-around grand playing of Jeff Williams, centerfield, whose, wonderful and accurate throwing caught three runners—at the home plate, first base, and third base; also the excellent batting, fielding, base running and general fine work of the other players in the Cardinals line up, viz: Doug Merchant, first base; "Beau" Hodges, second base; Tetreault, short stop, who made two two base hits; Neidfeldt, right field, and Frank Owens left field.

The members of the Linworth played classy baseball and had men on the bases at different times, but their batsmen did not have the "Punching" ability to bring in the runs that were needed to win the game.

Mr. William Entwisle, umpire, rendered fair decisions to both teams at all times.

Chief Goods and "his finest" of the police force, kept the playing field clear and made it possible for the teams to play without interference.

The large crowd present had a chance to judge the playing ability of the Cardinal team, and, while many of the Cardinals officers to give the may not favor them, it is the purpose baseball fans of Alexandria "high-class" baseball exhibitions during the

MOVIES

INGOMAR THEATRE

"Trilby," the famous novel and stage drama, has again been dramatized but this time it is presented through the medium of the screen. It is a Republic release and will be shown tonight at the Ingomar with the much admired Clara Kimball Young in the sensational role of "Trilby."

The screen version magnifies the action and drama in the story and with Maurice Tourneur as the director it has been given the full benefit of a skillful handling. "Trilby" will probably go down in motion picture annals as one of the greatest screen dramas ever produced.

RICHMOND THEATRE

Another of those rollicking light comedy pictures with Wallace Reid. Its called "Sick Abed" this time and will be at the Richmond Theatre today.

You don't generally go to a sick room for laughs, do you? But in the picture Wallie isn't really ill. He's just shamming in order to get a friend out of a merry matrimonial mess. And he makes the jazziest patient the doctors ever had. With pretty Bebe Daniels as the nurse.

"Sick Abed" is from the hilarous stage farce of the same name. It's a Paramount Artcraft picture.

Inspector Is Out With Facts

H. W. Kiser Was All Run Down But is Like Different Man Since Taking Tanlac

"Maybe my word will do somebody else some good, so I want to tell the world what Tanlac has done for me," said H. W. Kaiser, of 1823 Maple Ave., Huntington, W. Va., while discussing the merits of the medicine recently. Mr. Kaiser is car inspector for the B. and O. Railroad and is widely known in fraternal circles, being a members of the following secret orders: I. O. O. F. Lodge 123; K. of P. Lodge 33; and W. O. W. Lodge 66.

"For the past two years I had been in the worst sort of health, troubled with indigestion, nervousness, sleeplessness and a general run-down condition," he continued. "I had practically lost my appetite and it seemed like everything I ate disagreed with me and bloated me up with gas, so that I had a heavy, stuffy feeling after every meal. My nerves were all on edge and the least unusual noise would nearly run me frantic. My sleep was restless and broken—I would sleep a few minutes, then wake up and then go back to sleep only to wake up again—that's the way I spent my nights, and when morning came I felt weak and worn out and just had to drag myself off to work.

"Several of my friends were taking Tanlac and it had done them so much good that I decided to try it and I began to feel better in no time. In all I took three bottles, and now I am feeling like an entirely different person and can do as big a day's work as any man. My appetite returned and I eat anything I want without being troubled afterwards at all. My nerves are as steady as a clock and I sleep so sound that I have to be waked up every morning. I am feeling fine all the time now, and am pleased to recommend Tanlac and pass the good word along to others.

Tanlac is sold in Alexandria by Edgar Warfield, jr.

tact with the enemy along the entire northern front from Grajevo, to a northwest of Bialystok, to Wlodwa on the Bug river.

The Poles apparently are planning no advance beyond the ethnographic frontier as mentioned in the American note, to which the Poles have replied. The front rests at present roughly along the line laid down by the Allies. There are indications that the Polish eastern line is being stabilized temporarily and the general staff has directed that there be no advance into districts where the Poles might not be welcomed by the population.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or ccause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

SECOND BAPTIST WINS CONTEST

chosen "first lady" of the picnic and who will have the position of honor at the table at the banquet, is a young lady of charming manners and delightful disposition. She early alligned herself with the school and soon demonstrated her willingness to serve in any capacity and her choice was unanimous and the school is said to be proud to have such a charming "first lady."

Kirk Earle Wallace, General Secretary of the Y. M. C. A., said this morning that he was delighted with the thorough sportmanship shown throughout the campaign for attendance in the schools and feels that all of the labor entailed by the contest had been a pleasure with such splendid co-operation.

There was no change in position this week and the summary is as follows: Second Baptist attendance 252, week's per cent 271, average per cent 201; St. Paul's attendance 143, week's per cent 220, average per cent 156; Methodist Protestant attendance 117, week's per cent 156, average per cent 158; First Baptist attendance 354, week's per cent, 101, average per cent 118; Trinity M. The Y. M. C. A. promises comparison figures later to show the remarkable increase in the attendance of the Sunday schools, not only over the winter period, but also the over the period of the same months last year. The total attendance at all of the Sunday schools for the entire contest was 21,574.

PREDICT COAL WILL SOON SELL AROUND $5 A TON

Washington, Aug. 30.—Bituminous coal production for the week ending August 21 was 833,000 tons less than the previous week when a record output for 1920 was made, the geological survey reported today. Government officials and coal men, however, predicted that the slight falling off in production would not delay an unexpected price slump. Two factors, they pointed out, are now tending to bring about increased production, which is the weapon they expect to see bring coal prices down. These factors are: Assurance coal men say they have from the Interstate Commerce Commission that present priority orders, giving mines the greater proportion of open top cars will not be modified to any great extent, and the apparent quieting down in the labor situation which is held responsible for the production drop shown in today's report. This report showed 10,981,000 tons mined for the week ending August 21.

Report of production for the week ending today, due fro mthe geological survey September 4, is expected to show production again above the 11,500,000 ton figure. At this rate, a surplus of 40,000,000 tons will be piled up by December, according to Director Cushing, of the American Wholesale Coal Association. This should reduce prices around $5 a ton, according to Cushing.

CHAMPAGNE BATHS

French Actress Will Not Come to U. S., Unless She San Get Them

Paris, Aug. 30.—Unless the prohibition authorities of the United States relent and permit Mlle. Cecile Sorel to bring with her forty cases of the finest champagne, the famous Parisian songstress, called the most beautiful woman in Europe, will refuse to fulfill her American engagement.

Mlle. Sorel, who intended departing for New York in October, wrote to the prohibition board asking permission to bring in the champagne, as she was in the habit of taking champagne baths twice a week by doctor's orders.

The reply was a refusal, but Mlle. Sorel is now appealing through diplomatic channels.

"Champagne baths are one of the secrets of remaining beautiful,'" the lovely actress said today. "My other receipts for good looks—a bandage of raw veal on the face at night—will not be interfered with by my American trip, as I am told America does not yet prohibit the sale of veal.

Meanwhile American millionaires in Paris are anxiously awaiting the result of the opera comique star's appeal, and if it is successful, plan bombarding the doctors here for champagne bath prescriptions.

DIAMOND RING DROPS 2,000 FEET, FOUND

Allentown, Pa., Aug. 30.—While throwing flowers from his airplane during the Elks' parade here, Audrey Steward, an aviator, lost his diamond ring at a height of nearly two thousand feet and saw it take its downward flight. It was found by Nelson A. Butz, supervisor of the anual training department of the local schools, at whose feet it landed as it struck the ground.

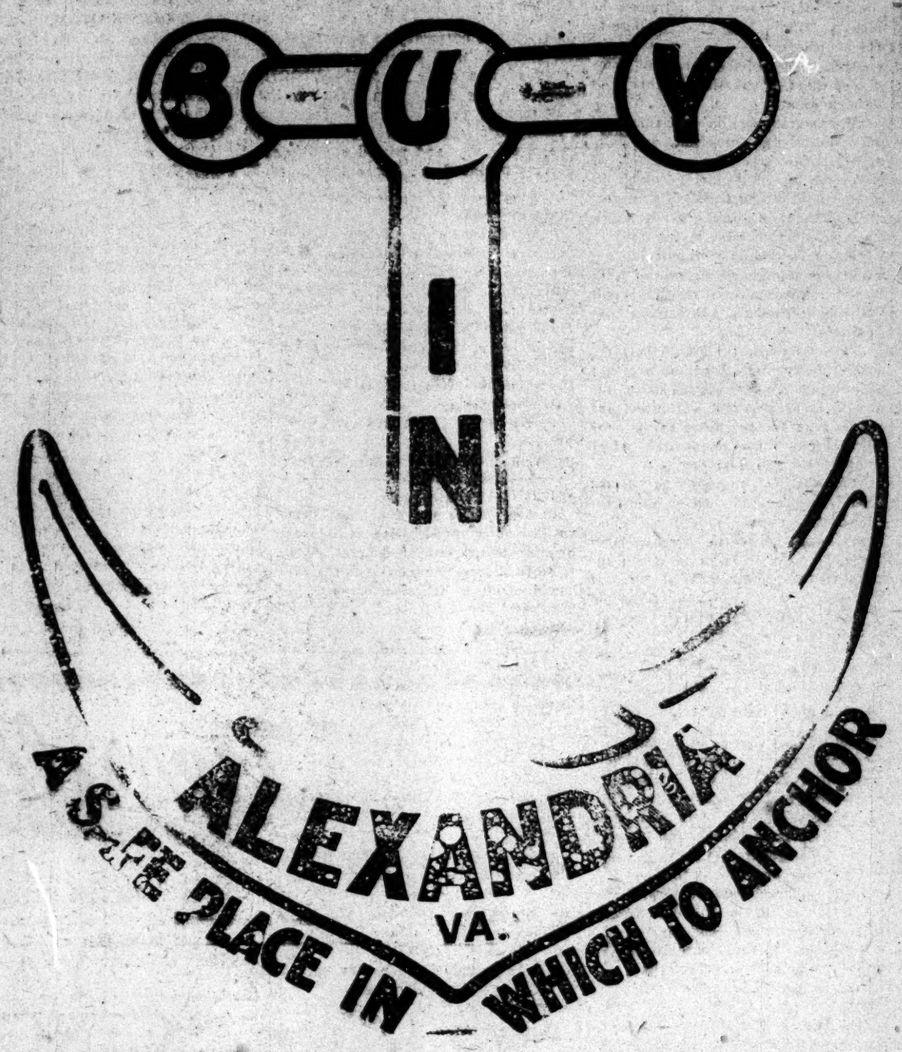
Buy In Alexandria



The Closer at Home You Keep Your Dollars The Quicker They Will Get Back to You

Don't make any mistake and consider that it will not make any difference whether you spend your money in this city or send some away. You may have fond hopes of saving on your purchases but when due consideration is given to all expenses attached your investigation will show that this is not the case. In fact you will discover that instead of being benefitted that your purchases have cost you more than you would have paid for them here as under all conditions.

YOUR DOLLAR IS WORTH MORE IN ALEXANDRIA THAN ELSEWHERE AS FAR AS ITS PURCHASING POWER IS CONCERNED BOTH IN VALUE AND SATISFACTION

Alexandria Can Prosper Only so Far It Receives the Undivided Support of the Residents

Flourishing industries and up-to-date mercantile establishments are the life of any city. This city has reason to be proud of those that are located here. The growth of this city depends upon the support given its industries. If mechanics seek work in other cities, it is a handicap to those that are located here. If our residents send to distant points for merchandise, they are not assisting in the growth of Alexandria as they should.

IF OUR CITIZENS WILL BE TRUE TO THE INTEREST OF ALEXANDRIA, ITS GROWTH WILL BE SURE AND CERTAIN AND THEIR PROSPERITY AS WELL WILL BE ENHANCED

Your Dollars Belong In Alexandria---There Exists No Logical Reason Why You Should Send Them Away---Buy in Alexandria at All Times

Regardless of your duty in patronizing the merchants in this city, it is to your advantage from every standpoint to do so.

There is not a single sane reason why you should go beyond the borders of this city for goods of any nature.

Our stores are well stocked, the stocks carried are of the highest quality and in as extensive a variety as can be found in cities much larger than this. Our merchants recognize the need of quality stocks and this is the foremost aim.

Price can not make it desirable either. A comparison of the quality sold in this city and the prices asked with the prices published by the out-of-town concerns and the quality of the merchandise handled by them will show that price advantage calls for purchasing in this city.

It is thoughtlessness and a lack of consideration to one's own interests that works a hardship locally when goods are purchased out of the city that should be bought here.

Your dollars do double duty when spent here. Not only will they purchase more here, but in remaining in this city they help to make our stores better. Patronize Alexandria merchants. Make their volume of business as large as possible. This will encourage them to continue in their efforts to supply you with the best obtainable and at reasonable prices.

GOV. COX INDORSED AS LABOR'S FRIEND

(Continued from page one)

of Ohio he had "acted upon 59 measures of interest to labor without acting on a single one adversely to labor." As a members of the Sixty second Congress, the Governor was recorded as voting "favorable" to labor on two measures, the only ones listed.

After reviewing and quoting at length from the utterances of the candidates on labor issues in their speeches of acceptance the committee summarized its findings in this language:

"There can be but one conclusion based upon a careful and impartial survey of the actions and declarations of the candidates. Governor Cox has shown himself possessed of a fuller understanding of the needs of the working people, a readier response to their needs and to their proposals and to a broader statesmanship in his public discussions of the problems of the industrial world."

"In addition to his superior understanding, Governor Cox is the candidate on a platform which labor has declared 'marks a measure of progress not found in the Republican platform,' and the planks of which 'more nearly approximate the desired declaration of human rights than do the planks found in the Republican platform.'

"Not only in the specific utterances relating directly to questions held paramount by labor is the comparison favorable to Governor Cox. His progressive and constructive viewpoint holds throughout his declaration of public questions, although he slips at times into that ambiguity which unfortunately has marked to a greater or less degree the platforms of both parties and the utterances of both candidates.

"Moreover, and as an argument that admits of no qualiying or denial there is Governor Cox's record as Governor of Ohio during which he acted upon 59 measures of interest to labor without acting on a single one adversely to labor.

"This is a record of fidelity to humanity, of understanding of the needs of the great masses of the people that has few equals in American political life.

"The American labor mevement asks from no man or woman a pledge of political conduct. It seeks to dictate to none. Its field is limited, and propenly so, to furnishing to the rank and file the information upon which it may base conclusions.

"There is no intention to depart here from that rule which binds the officers individually as well as collectively in serving the great labor movement. But it would be a sad and unforgivable remissness of duty in this crucial hour were the facts not presented with the utmost freedom and completeness.

"With the workers of America rest the right of deciding for which candidate they shall vote. As they vote—whether it be well and wisely, or with a disregard for the facts of life as they are—they will determine to a large degree the welfare and progress of the working people of our republic in the years just ahead."

GROWING GRAIN MADE INTO HOT BISCUITS WITHIN HOUR

Chapman Kan., Aug. 30.—Transformation of wheat from standing grain to hot biscuits in 55 minutes is a record established here recently by Harry Ruff head of a local milling company. He drove into a field where a farmer was harvesting wheat with a harvester-thresher which cuts and threshes the grain in one operation and took two bushels of wheat. This he rushed to the mill where it was ground immediately, then took the flour home and Mrs. Huff made biscuits.

From the time the grain was cut to the first bite of biscuit was five minutes less than an hour, including 32 minutes spent on the road.

PARIS AGAPE AT N. Y. CARGO

Paris, Aug. 30.—When is prohibition not prohibition one may ask at the sight of 100,000 miscellaneous cases of wine, whiskies and other liquors leaving French and British ports addressed to a New York wine firm.

Irving Taylor of W. A. Taylor and Co., has completed the purchase of that number of cases, which he is now preparing for shipment to New Yor.k The State Department has granted importation permits, as it does in similar instances when liquor is for "medicinal" purposes.

During a visit to the Pommery wine cellars the correspondent saw stacks of cases addressed to a New York agent and marked for "medicinal purposes only." No shipment at one time of more than 5,000 cases is allotted, but little difficulty is encountered in obtaining permits."

London, Aug. 30.—The Island of Malta suffered an earthquake of considerable force at 2:45 o'clock this morning, says a Central News dispatch from Rome, quoting advices received from Syracuse, Sicily.

Numerous buildings in Floriana and the district were seriously damaged and the population was in a panic the dispatch says.
